Make sure that the SCHOOL Name is typed exactly as listed – and that there is ONE SPACE between the words if the school name is two words! This is the name of the school that you attend during the regular school year, not where you are attending Summer School.

School Names

| Carol Stream | Roy DeShane |
| Cloverdale | Western Trails |

| Heritage Lakes | Stratford |

The first time you will need to enter the School name. After that it will be listed in the drop down.

The screenshot shows the login form with fields for User Name, Password, and School. A callout box points to the School dropdown menu, which is set to 'Heritage Lakes'. The callout text reads: 'Example shown is for Heritage Lakes School.' There are also some partially visible notes above the form: 'and best' and 'ess of'.

This is critical – you will not be able to login successfully unless the school name is entered correctly!

Next, log in to the program using your username and password that you have used all year.
